

GE Program Portfolio REQUIREMENT FOR TRANSFER STUDENTS

All Transfer students admitted to Fresno State Fall 2018 were automatically enrolled in Fresno State's GE Program Portfolio within Canvas. Transfer Students are required to submit assignments from their Upper-Division GE courses and write one reflection outside of class. Transfer students who take lower-division GE courses will NOT submit assignments from these courses to the GE Program Portfolio. The Canvas GE Program Portfolio has handouts, resources, and links to submit assignments to the GE Program Portfolio.

The syllabus for your GE course will indicate which assignment aligns or is linked to which GE learning outcome and you will submit the assignment, indicating which learning outcome was listed on the syllabus next to the assignment. If no assignment is designated on the syllabus or it is unclear, ASK YOUR PROFESSOR.

Is this *REALLY* a requirement? YES

You must submit one assignment from each of the upper-division GE courses you take at Fresno State (IB, IC, and ID) and one reflection prior to graduation.
