

18 October 2016

OPERATIONS ORDER 9 OF 14

16 Oct - 22 Oct

1. Mission: Provide structured and focused training that develops Air Force leaders.
2. Execution: Below lists all mandatory Professional Military Training (PMT) and voluntary PMT for the week.
 - a. Mandatory PMT – All cadets are required to attend the following Physical Training (PT) and Leadership Laboratory (LLAB) events:

Physical Training

Mon 17 October 16

UOD: PTU

Cadets	Time	Activity	Location	Objective	POC
All	0630-0730	Calisthenics Stations	South Gym	33	C/Gonzalez

Tues 18 October 16

UOD: PTU

Cadets	Time	Activity	Location	Objective	POC
All	0630-0730	Vineyard Run	Vineyard	33	C/Gonzalez

Thurs 20 October 16

UOD: PTU

Cadets	Time	Activity	Location	Objective	POC
All	0630-0730	Campus Run/Stairs	Campus	26, 33	C/Gonzalez

Safety Considerations: Stay hydrated throughout the week.

Inclement Weather: PT will be held in the south gym if it is raining or below 32 degrees Fahrenheit. The south gym has been reserved from 0630 to 0730 for PT activities on Mondays, Tuesdays, and Thursdays throughout the semester.

Leadership Laboratory

Thurs 20 October 16

UOD: Utilities

Cadets	Time	Activity	Location	Objective	POC
ALL	1600-1610	Retreat	Flag Pole	26	C/King
SCL, ECL	1610-1740	Lt Col Bourque's Lesson	TBA	30, 35	Lt Col Bourque
IMT, FTP, ICL	1610-1620	D&C Relay Brief	Flag Pole	5, 6, 7, 9, 10, 19, 23, 24, 28, 29	C/Cagle
	1620-1640	Station 1			C/Flores
	1640-1700	Station 2	North Gym		C/Yohannes
	1700-1720	Station 3	POW/MIA Rock		C/Baldwin
	1720-1740	Station 4	Pool Area		C/Xiong
ALL	1740-1750	Final Formation and Dismissal	Flag Pole	19	C/King

Safety Considerations: Any time the corps is marching in flight formation, FLT/CCs should ensure safety is not compromised while transiting. During formation, do not lock your knees. Stay hydrated throughout the week. Have attention to detail when we have activities at the track. Watch for objects on the field surface which may cause injury if used inappropriately. Having leadership and communication is key for future success.

b. Voluntary PMT – Below are the voluntary PMT activities happening this week.

Wing Staff Meeting

Tues 18 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer POC	0745-0845	Staff Meeting	N Gym 151	21, 36	C/King

Color Guard

Cadets	Time	Activity	Location	Objective	POC
Volunteer	N/A	N/A	N/A	N/A	N/A

Recruiting

Mon 17 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	1800-2000	Recruiting	Selma	19	C/Aguilar

Wed 19 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	1500-1900	Recruiting	Tech Expo	19	C/Aguilar

MWR

Cadets	Time	Activity	Location	Objective	POC
Volunteer	N/A	N/A	N/A	N/A	C/Ringgold

Community Service

Cadets	Time	Activity	Location	Objective	POC
Volunteer	N/A	N/A	N/A	N/A	C/Ortiz

D&C Practice

Tues 18 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	1400	D&C Practice	North Gym	5, 6	C/Gonzalez

Wed 19 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	1600	D&C Practice	North Gym	5, 6	C/Gonzalez

Sat 22 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	0900	D&C Practice	North Gym	5, 6	C/Gonzalez

Optional PT

Wed 19 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	0630	Plyometric	Weight Room	33	C/Gonzalez

Wed 19 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	1700	Swim	Pool	33	C/Gonzalez

Friday 21 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	0630	Dodgeball	Weight Room	33	C/Gonzalez

Sat 22 October 16

Cadets	Time	Activity	Location	Objective	POC
Volunteer	0700	Cardio	Woodward Park	33	C/Gonzalez

Operations Officer

JOB SAFETY ANALYSIS/OPERATIONAL RISK MANAGEMENT WORKSHEET				
JOB/PROCESS DESCRIPTION Week 9 - OPORD 9	NAME/GRADE/OFFICE SYMBOL Cadet Rodela, Robert		DATE 20161013	
NAME OF SUPERVISOR Cadet Henson, David	ANALYSIS BY Cadet Cagle Matthew	WORK PERFORMED		
REQUIRED PERSONNEL/TECHNICAL DATA Cadre	PROTECTIVE EQUIPMENT (PPE) Safety Bags	REVIEWED BY Cadet Nelson, Cory		
SEQUENCE OF STEPS	ACTIONS	COMMENTS		
1. Identify the Hazard: -Personal injury from activities and environment.	Potential Mishap or Hazard: -LLAB: Allergic reactions, scrapped elbows/ knees. -PT: Rolled ankles, cramped muscles, common injuries from PT.	-Cadets that have impaired health (on medication, allergies, infections) should notify a POC. POC will inform all Cadre members of Cadets with a list of these individuals and their concerns including how to treat it.		
2. Assess the Risk: -Injury, or loss of consciousness.	Risk Assessment: Assess exposure, severity, probability -LLAB: Injuries are unlikely to happen. -PT: Injuries could happen if we do not take the right precaution. Injuries could happen if Cadet doesn't properly take care of bodies	-Flight Commanders are required to have a Safety bag in their flights.		
3. Analyze Risk Control Measures: -Cadets will be made aware of hazards they may face, and be instructed on how to avoid them.	Control Measures: Identify control options, determine effects, prioritize measures -Cadets will be made aware of the importance of safety throughout the semester from safety briefings, self aid/buddy care, and safety officers in each flight	-LLAB: 21 October at Fresno State. There will be a Drills and Ceremonies relay. Flight commanders will make sure Cadets are cautious when competing. Water will be provided by the Safety OIC.		
4. Make Control Decisions: -LLAB: Cadets should listen to respective commanding officers and obey orders. -PT: Cadets should listen to PFO and/or Safety Officer's safety brief prior to each PT.	Control Decisions: Select controls, list decisions -Route will be surveyed prior to marching/running. -Members of Wing Staff will be in front, between, and behind the Cadet Wing while running	-PT: 17 October at Fresno State. Physical Training will consist of a 1.5 mile run. Cadets will be cautious when running around campus. Water will be provided for Physical Training.		
5. Implement Risk Control(s): -LLAB: Should an emergency situation arise, cadets or cadre will immediately seek out medical attention. -PT: Should an emergency situation arise, cadets or cadre will immediately seek out medical attention.	Implement Controls: Explain plan, establish accountability, provide support -POC, cadre, or nearest individual will seek emergency medical attention for injured cadets if care required is above current medical training. Injured Cadets alternative PT will consist of calisthenics.	-PT: 18 October at Fresno State. Vineyard run with calisthenics. Cadets will be cautious of cars and of uneven terrain. Flight commanders will make sure safety bags are provided in their flights.		
6. Supervise and Review: -Cadets are responsible for looking after each other and their wingman. Be aware of dangerous and suspicious behavior, and report it to a POC Cadet who will inform Cadre members.	Supervise/Review/Feedback -Safety Officers will be throughout each flight. -When marching in a flight, element leaders will look for oncoming hazards and call out "Safety" with their right arm raised to warn the rest of the flight.	-PT: 21 October at Fresno State. Campus run with stairs. Cadets will be cautious when running up the stairs. They will run on the right side going up and down on the stairs to prevent collision.		
	-The Cadet Wing needs accountability of the Detachment at all times.	-In an emergency: call campus police at (559) 278-8400 or call 911. -Fire department (559) 498-1911. -Saint Agnes Medical (559) 450-3000.
