- 11:00 Adjourn/move to County Directors meeting – same zoom call.**

CCASSC Directors' Meeting
January 29, 2021

Topics for discussion:
11:00 – 12:00

1. Impact of the state's mandate to remove all youth from out-of-state residential programs
2. Given separation of child-care from the Single Allocation; are there program changes that are accompanying this? CWDA was brief on discussion; is anyone tracking this? Kings County -stage 1 is outsourced,
3. Call Centers for IHSS/PA – Do any of the counties have a system? What is it? Are any counties using call center technology for child welfare hotline? If yes, what are you using?
4. County multiagency juvenile justice coordinating council to develop the local plan (SB 823)
5. What are counties doing for eligibility & ETS Training? How has this been converted to COVID?
6. Any training resources anyone has figured out for case management of single homeless adults with significant barriers. Do Counties who have whole person care internally have resources? Does APS Training translate/can it be purchased?
7. Long Term Teleworking – what are counties doing?
8. ILP/COVID – what are counties doing for classes and services for ILP, Employment and Trainings, and Home visiting. Has anyone figured out how to “virtualize” services well? For those close to Kings, any vendors that they worked with that were good?
9. ETS – Kings considering outsourcing workshops? Also started Financial mode conversions that have worked for these populations?
10. Shelter Operations – Kings are any counties in charge or connected sufficiently to shelter operations that Kings can visit/tour and get some info on ongoing expenses and how they are covered. Looking at unlimited shelter/center operations; not permanent housing.
