- 2:40 – 3:00 Fiscal
- 3:00 Adjourn/move to County Directors meeting – same zoom call.**

CCASSC Directors' Meeting  
March 19, 2021  
3-4 PM

1. Race Equity Update: Deborah Martinez/Anita Ortiz
2. What Cares funds counties have/or are planning to receive and, how the amount is calculated given that most of our costs are sub vented?
3. How is the \$15 minimum wage being addressed in terms of salary ranges for those directly impacted those whose salaries are just above this rate and traditionally earn a more significant amount above clerical (i.e. eligibility workers vs. clerical for example). Status of Union agreements?
4. What are County expectations in terms of contraction or expansion of staff in the next Fiscal year?
5. ILP/COVID – What are counties doing for classes and services for ILP, Employment and Trainings, and Home visiting. Has anyone figured out how to 'virtualize" services well? For those close to Kings, any vendors that they have worked with that were good?
6. ETS – Kings considering outsourcing workshops? Also started Financial Literacy classes. Looking for recommendations, vendors and service mode conversions that have worked for these populations?
7. Shelter Operations – Kings asks any counties in charge or connected sufficiently to shelter operations that Kings can visit/tour and get some info on ongoing expenses and how they are covered. Looking at unlimited shelter/center operations; not permanent housing.
