

2. Three Generational Genogram (EPAS Competency 7 – Assessment)

Meet with an individual client/consumer of your field placement agency and develop a three generational genogram as part of the assessment process. The genogram is completed for a client, and is not based on the student intern and his/her family. You may refer to information from SWRK 160 and SWRK 183. Be sure to include the following components:

- 1) Include grandparents, parents, siblings and the client/consumer. If the client/consumer has children or grandchildren, include them as part of the three generations.
- 2) Carefully draw the genogram on a separate piece of paper, using information from SWRK160 and SWRK 183 and available resources such as:
<http://www.genopro.com/family-tree-software/>
- 3) Carefully print all relevant information regarding the following: names and birth dates of family members, and dates and descriptions of significant events.
- 4) The genogram should include relationships and family life cycle events such as births, adoptions, deaths, marriages, intimate relationships, and separations/divorces.
