

## **Associate Psychotherapist**

Eastern Sierra Counseling and Consulting  
BISHOP & MAMMOTH LAKES, CA 93546

### **Job Category**

Clinical

### **Job Description**

#### Key Responsibilities

- Must be willing to physically see patients in-person at least 50% of the time. Our offices are located in Ridgecrest, Bishop, and Mammoth Lakes, California.
- Conduct psychotherapy sessions with clients using evidence-based therapeutic techniques
- Assess and diagnose clients' mental health conditions
- Develop and implement treatment plans tailored to individual client needs
- Monitor and evaluate clients' progress throughout the therapy process
- Collaborate with other healthcare professionals including psychiatrists on our team to provide comprehensive care
- Stay up-to-date with current research and best practices in psychotherapy

#### Skills & Experience

##### Requirements:

- Master's or doctoral degree in psychology, counseling, or a related field
- Valid license to practice psychotherapy in the state of employment (LMFT, LCSW, etc)
- We will also hire an Associate Psychotherapist (ASW, etc) at \$60/direct patient care hour
- Strong understanding of ethical guidelines and professional standards in psychotherapy
- Excellent communication and interpersonal skills. We only want to work with really great people. :)
- Ability to work independently and as part of a multidisciplinary team.
- Strong organizational skills for utilizing the EHR and assisting with billing.

This is an excellent opportunity for a dedicated psychotherapist to make a positive impact on the lives of individuals seeking mental health support.

### **Qualifications**

Preferably MSW associate working towards LCSW licensure
